

TerraPro is committed to being a good neighbor and to building and maintaining positive, mutually beneficial relationships with Indigenous Peoples and communities.

We acknowledge that Indigenous Peoples are the original inhabitants and care-takers of this land, and that they maintain Indigenous rights and title in Canada. We recognize and respect that Indigenous people have unique cultures, tradition, and knowledge.

We are focused on four key areas: leadership, employment, business development and community relationships. We are committed to working respectfully with Indigenous Peoples and communities who have an interest in our business from whom we can procure goods and services, with whom we can build partnerships with, or to whom we can provide employment or training to support the fulfilment of our vision.
